

HOUSE OF REPRESENTATIVES

H. No. 7956

BY REPRESENTATIVES SY-ALVARADO, LEGARDA, CASTELO, HERRERA-DY, GARIN (S.), AGABAS, VILLAFUERTE, SALO, CRISOLOGO, NIETO, MACEDA, MALAPITAN, MARTINEZ, VALERIANO, PEÑA, VILLANUEVA (E.), RIVERA, SUNTAY, DY (F.), VILLAR, TAMBUNTING, MARIANO-HERNANDEZ AND CAMINERO, PER COMMITTEE REPORT NO. 574

**AN ACT REDUCING WASTAGE BY DONATING AND
RECYCLING EXCESS EDIBLE FOOD**

Be it enacted by the Senate and the House of Representatives of the Philippines in Congress assembled:

1 **SECTION 1. Short Title.** - This Act shall be known as the "Food Surplus
2 Reduction Act".

3 **SEC. 2. Declaration of Policy.** - The State recognizes that each person has a
4 right to an adequate standard of living, including sufficient, safe, quality and
5 nutritious food. It is hereby declared a policy of the State to attain food security, end
6 hunger, and promote the efficient use of the country's food resources. The
7 considerable number of people going hungry daily is a breach of a human right that
8 this Act intends to address and correct and the massive amount of food surplus
9 presents an opportunity for the State to address hunger and its efforts on quality of
10 life of the underprivileged.

11 Toward this end, the State shall adopt a system to promote, facilitate and
12 ensure the reduction of food surplus through redistribution and recycling. The State
13 shall likewise implement measures to make it mandatory to donate edible food
14 surplus for charitable purposes.

15 **SEC. 3. Definition of Terms** - As used in this Act:

16 a) Edible food surplus refers to excess food or surplus food in the retail and
17 consumption stages, determined to be fit for human consumption based on the
18 applicable standards of food quality and safety;

19 b) Food banks refer to non-profit, charitable or other social mission-oriented
20 organizations that collect donations of edible food items and distribute them to the
21 food insecure;
22

1 c) Food insecure refers to persons or groups of persons who have no means
2 and/or have difficulty producing or purchasing food;

3 d) Food surplus reduction refers to the decrease of food surplus through the
4 redistribution of food surplus to the food insecure or the recycling of food as fertilizer
5 or compost;

6 e) Food-related business refers to public and private businesses involved in the
7 manufacturing and processing of food products, private businesses involved in the
8 wholesaling and retailing of food products, private businesses involved in serving
9 food products, and private institutions offering courses in the art and science of
10 preparation, cooking and presentation of food; and

11 f) Inedible food surplus refers to food discarded in the retail and consumption
12 stages, determined to be unfit for human consumption, including, prepackaged food
13 products that have gone beyond their declared expiry dates.

14 **SEC. 4. Covered Establishments.** – The establishments covered by this Act
15 are as follows:

16 a) Food manufacturers, notwithstanding any restriction imposed by any existing
17 law and regulation on food manufacturers: *Provided*, That any donation made by
18 such manufacturers under the provisions of this Act shall constitute an exception to
19 the applicability of restrictions under existing laws and regulations as long as the
20 product to be donated has no safety and quality issue, no untruthful information or
21 health claims or any information that can mislead the consumers;

22 b) Food establishments (restaurants, cafes, diners, fast food chains or hotels);

23 c) Supermarkets with at least five hundred (500) square meters of selling space;
24 and

25 d) Culinary schools which offer culinary, baking and pastry courses with at least
26 fifty (50) students.

27 **SEC. 5. Determination of Food Insecure.** - The criteria for the determination of
28 a food insecure person or group, will be made by the Department of Social Welfare
29 and Development (DSWD), in coordination with local government units (LGUs).

30 **SEC. 6. National Zero-Food Waste Campaign.** – The National Nutrition
31 Council (NNC), in close coordination with the DSWD, Department of Interior and
32 Local Government (DILG), Department of Environment and Natural Resources
33 (DENR), Department of Education (DepEd), Department of Trade and Industry (DTI),
34 Department of Health (DOH), Department of Science and Technology (DOST),
35 Department of Agriculture (DA), other concerned agencies and LGUs, shall
36 undertake a National Zero-Food Waste Campaign to raise awareness on the impact
37 of a food surplus and strategies to decrease wasted food starting at the household
38 level. The campaign shall also promote the food surplus reduction hierarchy and
39 recommend means of reducing individual food waste.

1 To educate the younger generation, the DepEd shall have the duty to ensure
2 that the prescribed curriculum includes informative materials on the following:

- 3 a) Current global and national food waste situation;
- 4 b) Ways to minimize food surplus;
- 5 c) National and local food surplus prevention programs;
- 6 d) Food recovery; and
- 7 e) Pertinent provisions of this Act.

8 **SEC. 7. Edible Food Surplus Distribution Steps** - The following steps shall be
9 followed in edible food surplus distribution:

10 a) The owners of the covered establishments will segregate their edible and
11 inedible food surplus;

12 b) To facilitate distribution, food manufacturers may opt to perform the
13 segregation of their products at the supermarkets that sell their products, bearing in
14 mind the exclusion of all physically damaged food container such as tainted or
15 tarnished label which may render it unreadable, dented, smashed, rusted, swollen,
16 corroded food container or any similar condition which may render the food unsafe.
17 For consumer protection and consistency with the existing policy, any processed
18 food for donation shall have at least 12 months remaining shelf-life;

19 c) Before a donation is made, a duly trained sanitary inspector of the LGU will
20 check if the edible food surplus is fit for human consumption;

21 d) Upon determination that the edible food surplus conforms to the standard and
22 policy, it will be donated to accredited food banks, as determined by the DSWD; and

23 e) Food banks, in coordination with the DSWD and LGUs will distribute the
24 edible food surplus to the food insecure.

25 **SEC. 8. Food-related Business Surplus Reduction Strategy.** - The owners of
26 food-related businesses such as food manufacturers, supermarkets, restaurants,
27 cafeterias, culinary schools and hotels shall:

28 a. Submit their respective reports to the DSWD and DENR containing data on
29 the amount (in tons) of its edible and inedible food surplus, organized according to
30 the manner of disposal, including donation, composting, or discarding;

31 b. Enter into a contract with food banks to redistribute edible food surplus to the
32 food insecure;

33 c. Ensure that edible food surplus is unadulterated and in good condition upon
34 arrival at the food bank's distribution center; and

35 d. Enter into a contract with waste management and recycling enterprises to
36 recycle inedible food surplus.

1 **SEC. 9. National Food Surplus Scheme.** – The DSWD, as the coordinating
2 agency between food businesses and food banks, shall:

3 a. Provide guidelines and standards for the collection, storage, and distribution
4 of edible food donated to food banks;

5 b. Ensure that food businesses have entered into contracts with food banks and
6 issue acceptance certificates to food businesses;

7 c. Ensure that food banks have adequate and appropriate storage for the edible
8 food surplus especially the highly perishable food;

9 d. Promote linkages between food banks and LGUs to create a community-
10 based food distribution system for the food insecure; and

11 e. Create a Self-Sufficiency Program that will provide the food insecure with
12 skills training in managing food banks and livelihood programs to avoid the
13 dependence on donation solely.

14 **SEC. 10. Responsibility of LGUs in Waste Reduction Strategy.** - LGUs are
15 hereby required to:

16 a. Submit a report that contains data on the amount (in tons) of inedible food
17 surplus that can be recycled as raw materials for fertilizers or compost, livestock feed
18 or sources of biofuel to the DA and DENR;

19 b. Initiate a waste segregation effort per household, ensuring inedible food
20 surplus are not mixed with garbage otherwise garbage found with food waste will not
21 be collected;

22 c. Shoulder the cost of transporting inedible food surplus from collection areas to
23 waste management sites;

24 d. Enter into contract with waste management and recycling enterprises to
25 recycle inedible food waste into fertilizer or compost, livestock feed or sources of
26 biofuel; and

27 e. Facilitate the distribution of fertilizer or compost to farms and community
28 gardening associations.

29 **SEC. 11. Training of Sanitary Inspectors.** - The NNC shall, in coordination
30 with the University of the Philippines College of Public Health and LGUs, conduct
31 regular trainings on the proper handling, collection, distribution and determination of
32 edible and inedible food surplus which includes microbiology, parasitology of food
33 contaminant and the standards for the classification of food quality.

34 **SEC. 12. Liability Protection.** - To protect the food donors from possible
35 abuses, and encourage donations, the liability of owners of the food-related
36 businesses is limited only to the time that they have possession of the food surplus.
37

1 Once a donation is received by the accredited food banks and/or farms, the owners
2 shall be exempt from any liability or injury arising therefrom.

3 **SEC. 13. Prohibition of Selling Edible and Inedible Food Surplus.** The
4 reselling of donated edible and inedible food surplus is strictly prohibited. The
5 penalty of *prision mayor* shall be imposed upon anyone caught reselling donated
6 food surplus. If the offender is a juridical entity, the responsible officers will be held
7 liable for said violation.

8 **SEC. 14. Penal Provisions / Penalties.** - The penalty of a fine amounting to
9 Five hundred thousand pesos (P500,000) shall be imposed upon any individual,
10 private or public entity, who makes edible food surplus unfit for human consumption.
11 The same penalty is applicable to private or public persons or entities who prevent
12 the redirection of edible food surplus to food banks or inedible food surplus to waste
13 management and recycling enterprises. The fines shall be imposed as follows:

14	First time offenders	One million pesos (P1,000,000.00)
15	Second time offenders	One million five hundred thousand pesos (P1,500,000.00)
16		
17	Third time offenders	Two million pesos (P2,000,000.00)
18	Fourth time offenders	Three million pesos (P3,000,000.00)
19	Fifth time offenders and up	Five million pesos (P5,000,000.00)

20 **SEC. 15. Supervision.** - The NNC, in coordination with the DSWD, shall
21 supervise the enforcement and implementation of this Act.

22 **SEC. 16. Implementing Rules and Regulations.** - Within sixty (60) days from
23 the effectivity of this Act, the NNC, in coordination with DSWD, DILG, DENR, DOST,
24 DepEd and DOH, shall promulgate the necessary rules and regulations for the
25 effective implementation of this Act.

SEC. 17. Separability Clause. - If any provision or part hereof is held invalid,
or unconstitutional, the remainder of the law or the provision not otherwise affected
shall remain valid and subsisting.

SEC. 18. Repealing Clause. - All other laws, presidential decrees or
issuances, executive orders, letters of instruction, administrative orders, rules and
regulations contrary to or inconsistent with the provisions of this Act are hereby
repealed, modified, or amended accordingly.

SEC. 19. Effectivity. - This Act shall take effect fifteen (15) days after its
publication in the *Official Gazette* or in a newspaper of general circulation.

Approved,
