8 or other stations which may be established by law, without in any way diminishing its
9 own right to use its assigned wavelengths or frequencies and the quality of
10 transmission or reception thereon as should maximize rendition of the grantee's
11 services or the availability thereof.

12
13 SEC. 3. *Authority of the National Telecommunications Commission.* – The

7 manner by said grantee, its successors or assignees, in accordance with the standards
