

NINETEENTH CONGRESS OF THE)
REPUBLIC OF THE PHILIPPINES)
First Regular Session)

SENATE
S. B. 320

RECEIVED BY: _____

Introduced by Senator SONNY ANGARA

AN ACT
AMENDING REPUBLIC ACT NO. 7305, OTHERWISE KNOWN AS "THE MAGNA
CARTA OF PUBLIC HEALTH WORKERS" AND FOR OTHER PURPOSES

EXPLANATORY NOTE

The Magna Carta for Public Health Workers was passed into law 30 years ago with the objective of promoting and improving the social and economic well-being of health workers, their living and working conditions and terms of employment. Hence the law mandated among other things the payment of benefits and allowances including night shift differential, hazard, subsistence, laundry, to name a few.

Sadly, the nominal amounts as provided in the 30-year-old law remained fixed in spite of changing economic cycles over the years. To remedy this, we propose in this bill to increase the nominal amounts for the mandated benefits in order to provide better living conditions to our public health workers especially as we are hurdling the recessionary effects of the pandemic.

The measure likewise expands the definition of health workers to include those deployed outside of traditional health facilities such as those reporting in health offices, State Universities and Colleges and Universities, Government-owned and -controlled Corporations, Local Government Units, among others. This proposal stands to benefit roughly 150,000¹ health workers in the public sector.

¹ DOH data as of 29 April 2022

In our pursuit to address the gaps in our public health system and to strengthen the delivery of healthcare services, it is paramount that we ensure that our health workers are not only paid a living wage but that the benefits we provide are likewise sufficient to sustain their living conditions.

In view of the foregoing, we urge the swift passage of this measure.
