

NINETEENTH CONGRESS OF THE)
REPUBLIC OF THE PHILIPPINES)
First Regular Session)

'22 JUL 14 AIO 51

SENATE

RECEIVED BY: _____

S.B. No. 576

Introduced by **SENATOR JOEL VILLANUEVA**

**AN ACT MANDATING FOOD MANUFACTURERS TO DISPLAY
COLOR-CODED NUTRITIONAL INFORMATION ON FOOD
PACKAGING AND FOR OTHER PURPOSES**

EXPLANATORY NOTE

The Filipino population suffers from the “double burden of malnutrition,” or the co-existence of undernutrition along with overweight and obesity. Data from the 2019 Expanded National Nutrition Survey (ENNS) by the Food and Nutrition Research Institute (FNRI) shows that while 29.6% of children below five years old are stunting, the prevalence of overweight and obesity among school children, adolescents, and adults is increasing at an alarming rate.

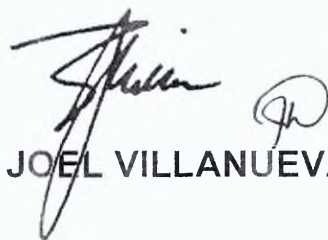

According to the ENNS, 10.4% of school children, 10.7% of adolescents, and 36.6% of adults are overweight or obese in 2019, making them vulnerable to developing non-communicable diseases (NCDs), such as cardiovascular diseases, cancer, and diabetes. These rates are way higher than the prevalence in 2003 when overweight and obese constitute only 1.9% of school children, 4.9% of adolescents, and 24% of adults.

Meanwhile, data from the Family Income and Expenditure Survey (FIES) shows that fruits and vegetables constitute a declining share of food consumed at home. The World Health Organization (WHO) noted that inadequate intake of such fruits and vegetables, together with high concentration of cholesterol in blood, physical inactivity, and tobacco use, are identified as huge risk factors to NCDs.

In light of the foregoing, a law that empowers consumers with health information is necessary to promote among the general population the consumption of adequate and well-balanced diet and healthy lifestyles. Thus, this bill requires food manufacturers to provide color-coded nutrition label for pre-packaged products sold in retail outlets. This is to inform their consumers at a glance if the food has high, medium, or low amounts of fat, saturated fat, sugars, and salt.

Instilling health consciousness among consumers and enabling them to make informed decisions about their eating habits will not only reduce health risks, but also boost productivity, and improve the overall quality of life of Filipinos.

Thus, the immediate passage of this bill is earnestly sought.

A handwritten signature in black ink, appearing to read "Joel Villanueva", with a circular mark to the right.

SENATOR JOEL VILLANUEVA

SENATE

RECEIVED BY: 

S.B. No. 576

Introduced by SENATOR JOEL VILLANUEVA

**AN ACT MANDATING FOOD MANUFACTURERS TO DISPLAY
COLOR-CODED NUTRITIONAL INFORMATION ON FOOD
PACKAGING AND FOR OTHER PURPOSES**

*Be it enacted by the Senate and House of Representatives of the Philippines in
Congress assembled:*

1 **SECTION 1. *Short Title.*** – This Act shall be known as the “Traffic Light
2 Nutritional Labeling Scheme on Food Packaging Act.”
3

4 **SEC. 2. *Declaration of Policy.*** – The State hereby recognizes that a healthy
5 diet is a foundation of good health, and a crucial element in improving individuals’
6 productivity and overall well-being. Recognizing that the prevalence of non-
7 communicable diseases (NCDs) is aggravated by poor nutrition, among others, the
8 State shall instill health consciousness among Filipinos towards a desirable food
9 consumption pattern. The State shall also protect and promote the right of every
10 consumer to make informed decisions that can affect their short-term and long-term
11 health. Towards this end, the State recognizes that a color-coded scheme is effective
12 in conveying to consumers quick information on the nutritional content of the food
13 products they consume.
14

15 **SEC 3. *Definition of Terms.*** – For the purposes of this Act, the following terms
16 shall have the following meanings:
17

- 18 a) **Food product package** means the packet and package of food products that
19 are for sale and distribution in the domestic market, importation, trade, and
20 exchange, such as, but not limited to, packs, tins, boxes, pouches, flip-tops, slide
21 and shell packages, and cartons.
22
- 23 b) **Nutrition facts** refers to a statement or information on food labels indicating the
24 nutrient(s) and the quantity of said nutrient found or added in the processed foods
25 or food products.

- 1
2 c) **Pre-packaged food products** are foods that are sealed in food product package
3 before being offered for sale;
4
5 d) **Principal Display Surface** means:
6
7 i. In the case of a package and carton that has at least two (2) equal sized
8 sides or surfaces, other than the top and bottom, that may be displayed
9 or visible under normal or customary conditions of sale or use, the areas
10 of each of the two (2) largest surfaces;
11
12 ii. In the case of a spherical, cylindrical or conical container of food products,
13 the two (2) largest surfaces that are predominantly displayed; and
14
15 iii. In the case of a package and carton that do not have a particular side or
16 surface that is predominantly displayed or visible under normal or
17 customary conditions of sale or use or those that are not described under
18 items (i) and (ii) above, fifty percent (50%) of the three (3) dominant sides
19 or the total surface thereof, whichever is bigger, which will ensure that the
20 color-coded nutritional information is visibly shown.
21

22 **SEC 4. Color Coding of Pre-Packaged Food.** – All food manufacturers shall
23 provide color-coded nutrition facts of pre-packaged food products to be shown in the
24 principal display surfaces of food products.
25

26 The color-coded nutrition facts provided under this Act shall be categorized
27 based on the fat, saturated fat, sugar and salt content of the food product, which shall
28 be represented by the following color codes:
29

- 30 a) Red, if the food product contains high level of any of the foregoing nutrient;
31
32 b) Yellow, if the food product contains medium level of any of the foregoing
33 nutrient; or
34
35 c) Green, if the food product contains low level of any of the foregoing nutrient.
36

37 *Provided*, That the portion of the principal display surface of the food packaging
38 dedicated to the color-coded nutritional information display shall not be lower than
39 fifteen percent (15%) of the surface area of the principal display surface; *Provided*
40 *further*, That the nutrition labeling requirements under this Act shall not apply to pre-
41 packaged condiments sold in the market; *Provided finally*, That nothing herein shall
42 be construed to exempt food manufacturers from complying with existing mandatory
43 nutritional labelling laws and regulations.
44

45 **SEC. 5. Determination of Nutrition Content of Foods and Certification;**
46 **Quality Assurance.** – The nutrition information provided by food manufacturers in all
47 food product packages shall be in accordance with the standards set by relevant
48 government agencies. For this purpose, the Food and Drug Administration, in
49 coordination with the Department of Science and Technology (DOST) Food and
50 Nutrition Research Institute (FNRI) shall have the authority to require all food

1 manufacturers to submit sworn statements and relevant information to substantiate
2 their declarations.

3
4 **SEC. 6. Transition Period.** – All food manufacturers covered under this Act
5 shall have a period of one (1) year to comply with the provisions of this Act.

6
7 **SEC. 7. Penalties.** — All food manufacturers that fail to comply with any
8 provisions of this Act shall be subject to the following penalties:

- 9
10 a) First (1st) Violation – A fine of not less than Five Hundred Thousand Pesos
11 (Php500,000), and an order to comply with the provisions of this Act within two (2)
12 months from the issuance of such order;
13
14 b) Second (2nd) Violation – A fine of not less than One Million Pesos (Php1,000,000),
15 with an order to comply with the provisions of this Act within one (1) month from
16 the issuance of such order;
17
18 c) Third (3rd) Violation – A fine of not less than Two Million Pesos (Php2,000,000),
19 with an order to comply with the provisions of this Act within seven (7) days from
20 the issuance of such order.
21
22 d) All subsequent violations shall be imposed a fine of not less than Five Million Pesos
23 (Php5,000,000), and revocation of all relevant permits issued by the FNRI and
24 FDA, including revocation of business permit to operate within the concerned local
25 government unit.
26

27 Notwithstanding anything to the contrary, the fines imposed under this Section
28 shall be paid to the Department of Health (DOH), which shall be utilized to initiate and
29 execute campaigns relating to nutrition education in public schools.
30

31 **SEC. 8. Implementing Rules and Guidelines.** – Within sixty (60) days after
32 the effectivity of this Act, the Department of Health (DOH), DOST, and the Department
33 of Trade and Industry (DTI), in consultation with relevant government agencies and
34 other stakeholders, shall formulate the rules and regulations to effectively implement
35 the provisions of this Act.
36

37 **SEC. 9. Separability Clause.** – Any portion or provisions of this Act that may
38 be declared unconstitutional or invalid shall not have the effect of nullifying other
39 portions and provisions hereof as long as such remaining portions or provisions can
40 still subsist and be given effect in their entirety.
41

42 **SEC. 10. Repealing Clause.** – All laws, decrees, executive orders,
43 proclamations and administrative regulations, or any parts thereof inconsistent with
44 the provisions of this Act are hereby revoked, repealed or modified accordingly.
45

46 **SEC. 11. Effectivity Clause.** – This Act shall take effect fifteen (15) days after
47 its publication in the *Official Gazette* or in at least two (2) newspapers of general
48 circulation.
49

50 **Approved,**
