

Senator PELÁEZ. Mr. President, the discussion is very enlightening, but the gentleman from Quezon has called my attention to the fact that there is no more quorum, and rather than be called out of order, I had better call attention to this point because the ruling of the Chair the last time such incident arose was that at any time where there is no quorum, further proceedings will be out of order. So I called the attention of the Chair to the lack of quorum, and I ask for the ruling of the Chair.

El PRESIDENTE INTERINO. La Mesa decide que doce Senadores presentes no constituyen quórum.
